

## My Digital Studio Shipping Policy

Stampin' Up! works with an external print supplier to fulfill orders placed for My Digital Studio's professional print services. As such, printed items are shipped directly from the print supplier, and not from Stampin' Up!'s regular distribution center. If an order consists of only professionally printed products (excluding cards), standard Stampin' Up! shipping charges are applied. Shipping costs for cards are dependent on the number of cards ordered and are defined in the Card Shipping Cost scale below. If an order consists of both printed and traditional products, a small split shipping fee will be assessed, as packages will be shipped from two different locations to fulfill the order.

US Second-Day Air is an additional \$20 and US Next-Day Air is an additional \$35. Expedited shipping for a split shipment is \$15 for US 3-Day, \$30 for US Second-Day, and \$50 for US Next-Day.

Next-Day Air and Second-Day Air service for My Digital Studio print products guarantees expedited shipping, not expedited handling. (Stampin' Up! can only guarantee expedited order fulfillment services on items shipped from our distribution center.)
